Blue Devils Ready To Meet Clewiston In Battle Tonight

Coach Web Pell and his Pahokee Blue Devils are all set for the visit of the Clewiston Tigers tonight on Lair Field in Pahokee. Robert O. Lamp's Pahokee High School band is in readiness and will make its first public appearance of the 1965-66 season on the field tonight.

Last fall the Blue Devils were in the winless column the entire season but the mentor hopes that things will be a little brighter this fall. Pell has only two dozen boys on his squad this time but he says that they have come to play.

This year Class A Pahokee will be playing against schools its own size. Such Class A.A. strongholds as Forest Hill, Lake Worth, Palm Beach, Dan McCarthy of Fort Pierce and Vero Beach, have been dropped in favor of Boca Raton, Jupiter, Arcadia and Nova of Fort Lauderdale.

Key player is Pell's son John, who will direct the team from the quarterback spot. Pell will do most of the passing and among his chief targets will be flanker back Keith Padgett and end Jim Tyson. All three saw first-string service last year and are keys to the Pahokee aerial offense.

Farm Labor Bldg. Cost \$200,000 And Is In Indiantown

Announcement was made this week of completion of financing for construction of a farm labor housing project in Brooker Park subdivision of Indiantown, by Manning I. Keen Canal Point Real Estate broker.

The project will cost something over \$200,000 which is being borrowed from the Farm Home Loan Administration in Washington. An additional \$30,000 will be spent by Mr. Keen completing the structure. He was notified Wednesday morning by telegram from Congressman Paul G. Rogers and U. S. Senator Spessard Holland in Washington that the loan had been authorized.

The farm labor building will contain 133 rooms and will be a two-story structure erected of concrete blocks and steel. It will be modernly equipped with running water and baths, Mr. Keen pointed out.

Constructing the building is the Indiantown Labor Foundation, Inc., of which Mr. Keen is the president. Kennedy Construction Company of Riviera Beach was low bidder on the job and Mr. Keen hopes that construction can be started not later than October 1.

John Causey Heads Fla. County Agents

The outstanding work and tireless energy of one of Palm Beach county's faithful employees was recognized last weekend in Jacksonville, when Associate County Agent John Causey was elected president of the Florida Association of County Agricultural Agents. He has been an ardent supporter of the work of the State Association for many years.

Mr. Causey, who is located in the Glades Office Building in Belle Glade, has been with Palm Beach county for 17 years the first of October. During that time he has attended the needs of Glades farmers for five years and for the past three years has lived in Belle Glade.

Weekend guests of Mrs. Arthur Bush were her son and daughter-in-law, Mr. and Mrs. Bobby Bush and daughters, of Ft. Myers.

Tues., Oct. 19 Set To Vote On Pahokee Plan For Pensions

In a regular meeting of the city council in Pahokee Monday night the members voted to call a special election on Tuesday, October 19 to vote on a proposed referendum that will make city employees eligible for a pension. Nothing of the kind prevails in the city at this time.

It was pointed out that there is no civil service plan to cover workers and nothing to assist them after serving the city faithfully for years except their meagre social security benefits which don't amount to a great deal because of the low wages paid city employees.

Many citizens in Pahokee are heartily in favor of the pension plan for the city workers and are going to work diligently to see that the referendum passes on election day, October 19. "It is only fair and proper that Pahokee should have a pension plan," said one citizen-taxpayer in discussing the proposal.

The pension plan proposal will, in all probability, receive the endorsement of many more public spirited citizens as the days pass between now and election day.

Nearly Thousand Proud Taxpayers See New Hospital

When the doors of the new Everglades Memorial Hospital opened Sunday afternoon at 2 p. m., for the official Open House, until they closed at 6 p. m., a steady stream of proud Pahokee and Canal Point residents inspected the rooms and equipment. Nearly one thousand people roamed the hallways and enjoyed refreshments served by the pink ladies.

Welcoming the guests were members of the hospital board along with J. C. Simonds, administrator, and members of the hospital staff, medical staff, and the pink ladies.

The new hospital is designed with core facilities for 100 beds. Fifty beds have been included at this time. The foundation and elevators are designed for a third floor when needed. There are approximately 80 employees.

Much of the equipment and instruments in the laboratory, nursery, obstetrical and surgical suites was made possible through donations from citizens, civic groups and firms in this area. Memorial rooms have been designated in recognition of the gifts. Plans are now under way to admit the first patients in about 10 days.

Vegetable Men To Hear State Men At Miami Beach Meet

MIAMI BEACH—Four officials of the state of Florida will join U. S. Sen. George L. Murphy of California on the program of the Florida Fruit and Vegetable Association's 22nd annual convention in Miami Beach Sept. 20-24.

Appearing on the program with the Republican senator will be State Senators George Hollahan of Coral Gables and Ed H. Price, Jr. of Bradenton, Secretary of State Tom Adams and Commissioner of Agriculture Doyle Conner.

Murphy will be the keynote speaker of the convention. Sen. Hollahan will welcome the conventioners prior to Murphy's talk on Sept. 21, and Sen. Price will introduce Dr. Alonzo Baker, expert on international affairs, the following day. Adams will give the invocation during the annual banquet on Thursday, Sept. 23. Commissioner of Agriculture Conner will give a report on the SunFLAVOR program of the Department of Agriculture during a business session Sept. 22.

Three Outstanding Speakers At Meet

Three outstanding speakers appear on the program for the 22nd annual convention of the Florida Fruit and Vegetable Association scheduled here for Sept. 20-24.

The trio of speakers who will make appearances at the Hotel Americana convention site will be Dr. Alonzo Baker, professor of political science at La Sierra College, Riverside, Calif.; Willis H. Edmund, Cuyahoga Falls, Ohio, executive consultant for Goodyear Tire and Rubber Company; and Charles M. (Chuck) Hanna, Chicago, Ill., private consultant to industry on labor-management relations.

The Florida Fruit and Vegetable Association is a cooperative organization for producers, shippers, packers and processors of Florida agricultural products. It was founded in 1948. Members and growers and guests of the association at the convention this year are expected to total around 1,500 which will continue to make the event the largest of its kind ever staged in the Sunshine State. Dr. Baker is professor of political science at La Sierra College, Riverside, Calif., and is professor emeritus of political science and verity of the Pacific, Stockton, International relations at the University of California. The value of his experience in American affairs has been recognized by Presidents Herbert Hoover and Harry Truman.

Sen George Murphy Plans To Speak On Labor Shortage

U. S. Sen. George L. Murphy, a republican scrapper for the California farm, makes his first official trip to Florida Sept. 21 to be in the limelight of the 22nd annual convention of the Florida Fruit and Vegetable Association here at the Americana Hotel.

The senator's walk under the FFVA spotlight where he promises to show similarities in Florida and California's farm labor shortage problems and offer solutions to them is nothing new for the former movie idol who was "under the lights" for 45 motion pictures and four Broadway shows.

About 1,500 conventioners are expected at the largest of Florida's annual agricultural gatherings with fruit and vegetable growers in attendance hailing from Jacksonville to Key West.

Sen. Murphy will get the "Action" themed convention under way Sept. 21 but some of the members arrive the day before for an all-day golf tournament at the Country Club of Miami. A full schedule of business, socializing, and entertainment has been arranged by convention general chairman George H. Wedgworth of Belle Glade.

beer's the one...
for good taste,
good fun

Wherever you fish for sport—on the ocean, by the booming surf, or on some quiet country pond, it's great at the end of the day to head for a rewarding glass of beer. While you're talking over the ones that got away, or pan-frying the ones that didn't, you enjoy the hearty taste and cool refreshment only a glass of beer can give you so well. Yes, whatever your sport—bowling or strolling, golfing or gardening—a frosty glass of beer makes a naturally great accompaniment.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

The U.S. Government does not pay for this advertising. The Treasury Department thanks the Advertising Council and this publication for their patriotic donation.

Betsy's Lost Time Will Be Made Up By Schools In County

All students in Palm Beach County public schools will be required to attend schools on Oct. 8 and April 22 to compensate for the two days schooling lost on September 7-8 due to hurricane Betsy. Florida state law requires a 180 day school year.

This will amend the 1965-66 school year calendar which had previously set aside Oct. 8 as a conference day, and April 22 for closure of the schools because of the state meetings of the Florida Education Association, and Florida State Teachers Association. These changes have caused eleven adjustments in the previously published school calendar.

Administrative, instructional and office personnel will not be required to make up the two days unavoidably missed due to the storm, all school department, department heads and principals have been informed in a bulletin issued from the office of Superintendent Robert W. Fulton.

"The need to 'get the job done' will result in these personnel working extra time, and this will compensate," the superintendent said.

Cafeteria personnel and school bus drivers will compensate for time lost by working on Oct. 8

and April 22. "Maintenance personnel and custodians who worked Sept. 7 and or Sept. 8 will receive compensating time off to be arranged through their immediate superior and Maintenance Director Ralph F. Brown," Superintendent Fulton said.
